CMS nella scuola: Pilot action in Spain

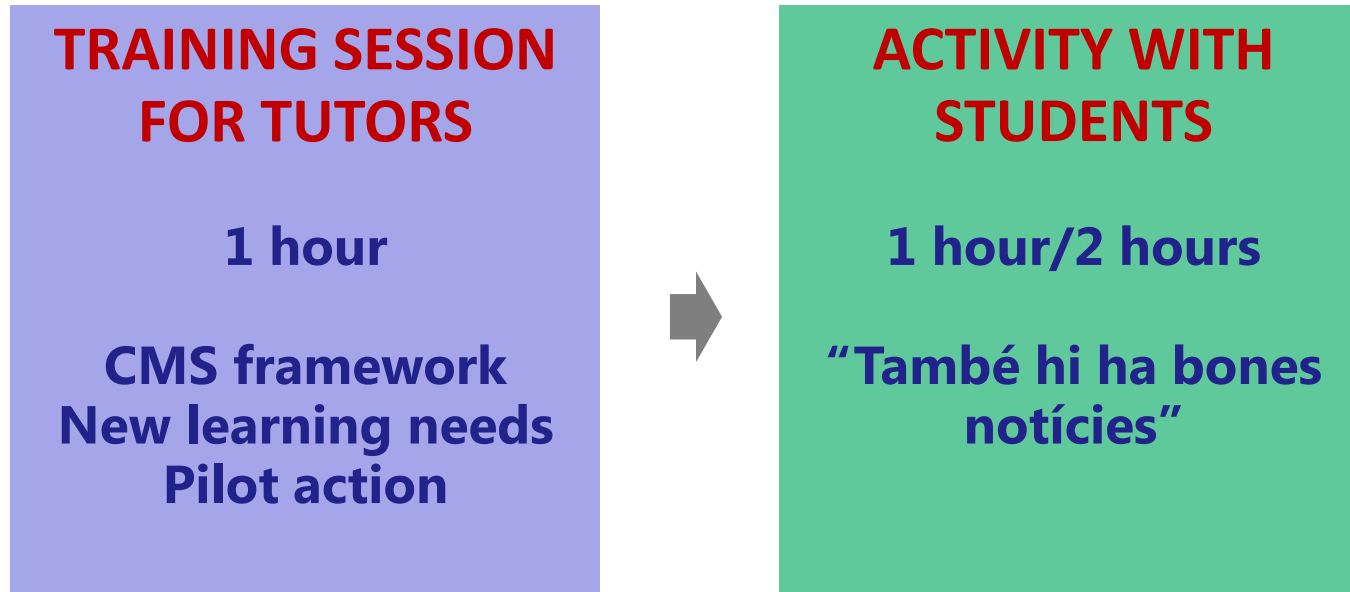

Conference – 27th June 2017

KA2 – Strategic Partnerships - Project N. 2014-1-IT02-KA200-004105

Judit Abad – DEP Institut (ES)

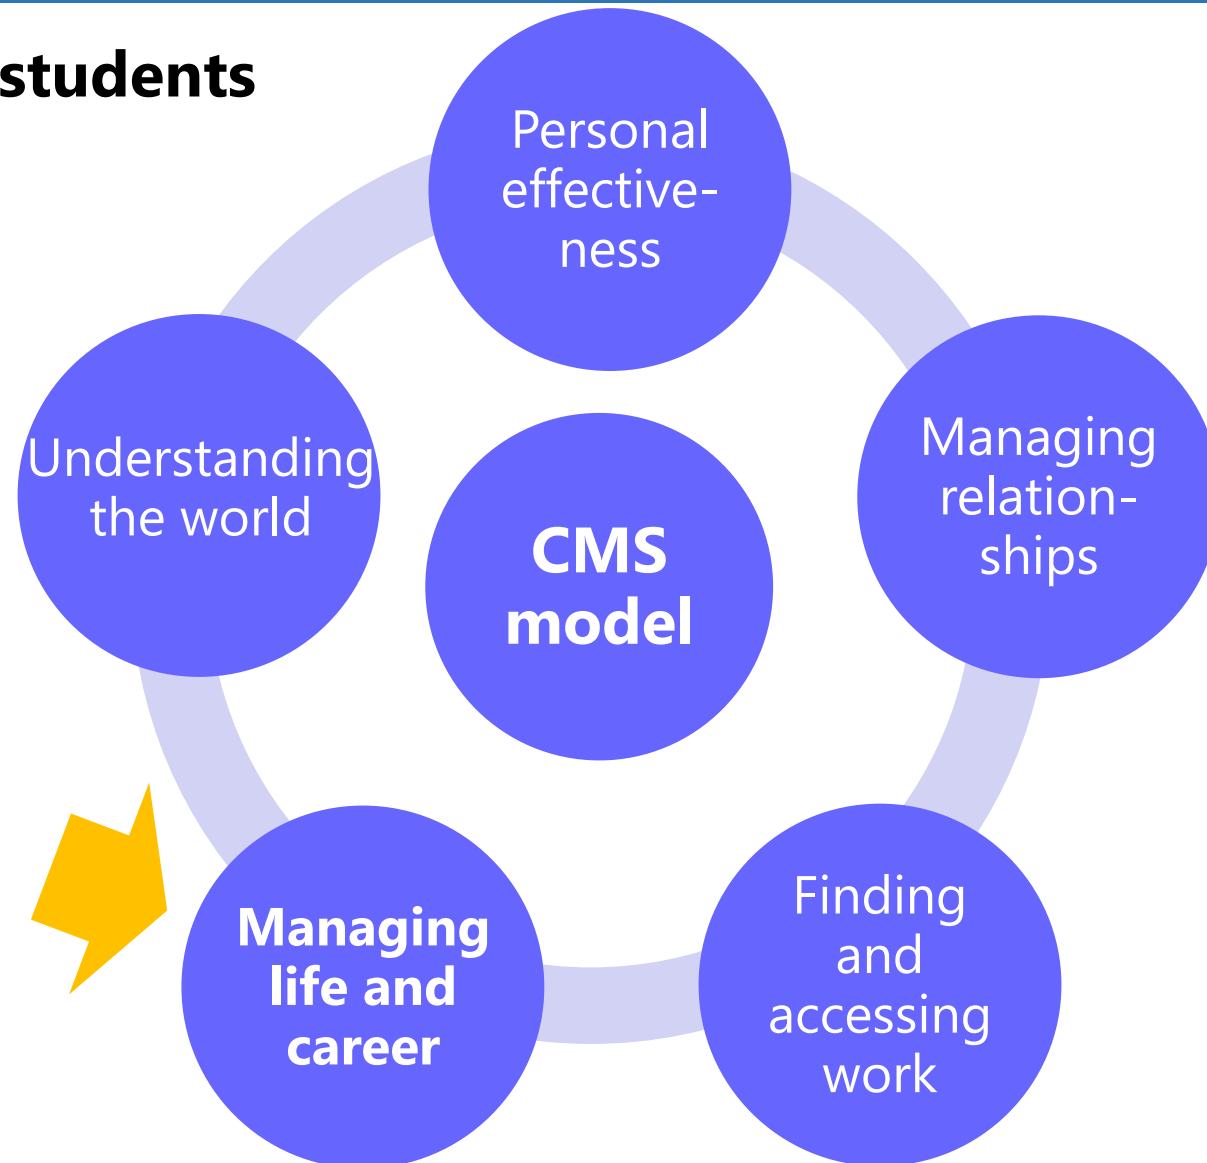

The design of the pilot action

- ✓ Consisted of two separate sessions

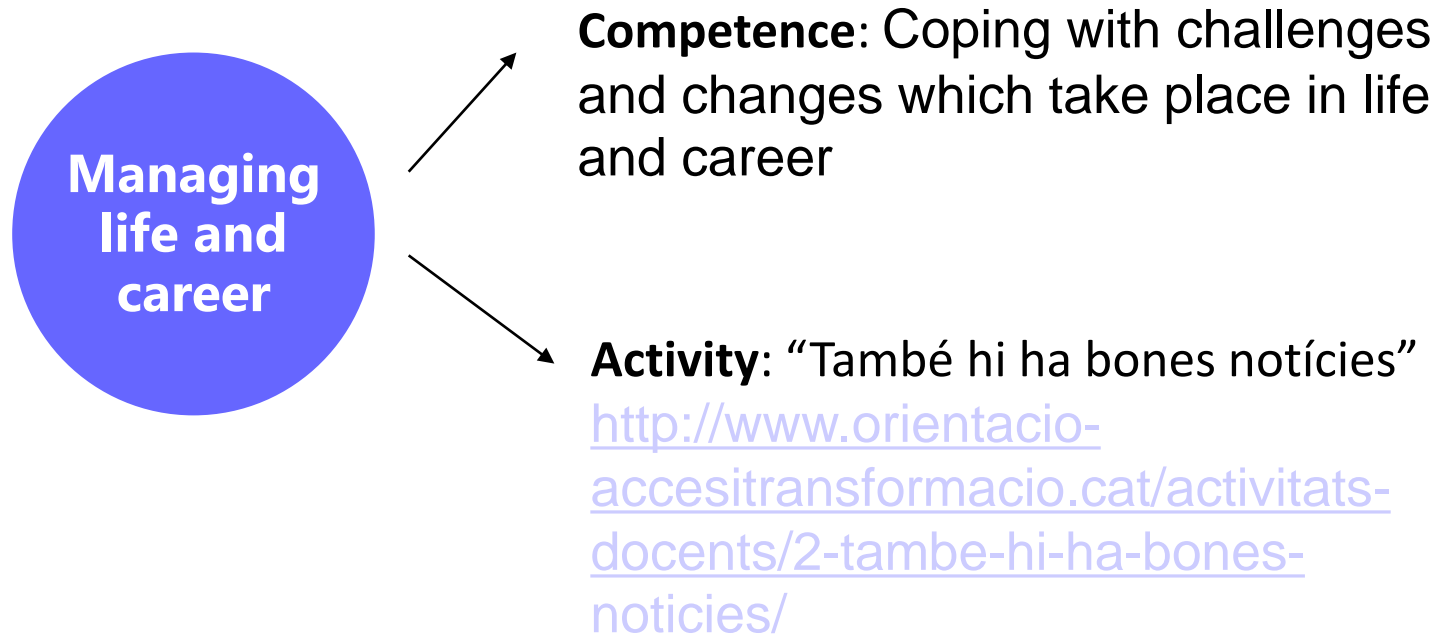

The design of the pilot action

✓ Activity with students

The design of the pilot action

✓ Activity with students

Consisted of

Identify good news

Write a story about a career achievement

Positive perspective

The design of the pilot action

✓ Activity with students

Students in a transition course to get the certificate of graduation:

Context: frequent sense of failure

Objective: to help students to have a more positive perspective about their future and learn how to manage transitions

High school students:

Context: country with high rates of young unemployment

Objective: to offer a positive perspective to combat frustration and demoralization

Pilot action - Data

Who and where

- ✓ **Institut la Ferreria**
